A Proven Record of Excellence

For more than 90 years we have strived to provide both reliable and professional service — a pledge we uphold to this day. Our agency became a founding partner of the Insurors Group in 1998, an alliance of progressive agencies in the state of Texas. In 2015, we achieved national recognition when *Business Insurance* magazine ranked us the 47th Largest Broker of U.S. Business, and *Insurance Journal* magazine ranked us 9th among the Top Agency Partnerships in the country.

In addition to being named one of the leaders in our industry, GSM Insurors is also a proud member of the Trusted Choice® network of agents. This means our agency has pledged to adhere to a higher set of ethical and customer service standards than non-member agencies. We are dedicated and committed to treating you as a person, not a policy.

It also means we represent many insurance companies, not just one. We only work with the best and most respected insurance carriers in the nation to provide you with premium, comprehensive and customized protection programs at the most competitive rates available. And should you ever suffer a loss, our agency will provide you with unparalleled advocacy to make sure that your claim is settled quickly and fairly.

GSM Insurors is committed to being your trusted advisor, protecting what you value most.
